Impatience on our part would be childish, and would be fraught with every risk of wrong and folly. We can afford to exercise the self-restraint of a really great

nation which realizes its own strength and scorns to misuse it. We should earnestly urge all Americans to leave Mexico at once, and should assist them to get away in every way possible.

The steady pressure of moral force will before many days break the barriers of pride and prejudice down, and we shall triumph as Mexico's friends sooner than we could triumph as her enemies-and how much more handsomely, with how much higher and finer satisfaction of conscience and of honor!

Such an appropriation is included in a deficiency bill now in the hands of the House Appropriations Committe, and it is expected that action upon it will be hastened. The State Department estimates that there now are in Mexico not more than 15,000 Americans, whereas, there were 50,000 several years ago. In Mexico City it is estimated that there are less than 2,000 Americans to-day. 900 Americans to-day. The diplomatic relations between the

To Cure Salt Rheum and Scaly Skin

A Most Effective Treatment, Quick in Results.

Salt rheum, scaly skin and other itching skin athictions may be soothed by frequent applications of witch hazel. But the cure must come from the activity of the fine network of blood vessels that make up the skin formation. You should use S. S. S. for the blood. This splendid remedy is a marvel for salt rheum, eczema, lupus, psoriasis and scrofula. Ask at any drug store for a bottle of S. S. S., and you are then on the road to health. The action of this remarkable remedy is direct, positive, certain in its influence. It is one of those rare medical forces which act in the blood with the same degree of certainty that is found in all natural tendencies. The manner in which it dominates and controls the mysterious transference of the rich, red, pure arterial blood for the impaired blood is marvelous.

Out through every skin pore acids, germs and other blood impurities are forced in the form of invisible vapor. The lungs breathe it out, the liver is stimulated to consume a great proportion of impurities, the stomach and intestines cease to convey harmful germs into the blood; the bowels, kidneys, bladder and all emunctories of the body are marshaled into a fighting force to expel every vestige of impurities.
